An extraordinary sensory experience
in complete darkness

Welcome to DID

Today, you will dine in complete darkness, expertly guided by professionals who navigate the world without sight every day. You will discover a carefully crafted surprise menu with your other senses, revealed to your eyes only after dinner.

Freed from visual distractions... taste, texture, aroma, sound and conversation come to the foreground, and things usually taken for granted begin to feel different.

For the first time in the Philippines, right here at the Dusit Thani Mactan Cebu, DID - Dine in the Dark offers more than an unusual meal. Through a unique role reversal, we challenge perceptions of the capabilities of persons with visual impairments, as they take the lead and guide with skill and confidence.

For the next few hours, you are in very capable hands.

Enjoy.
